The long experience on behalf of important firms, where Oscar & Lilette have been given an incentive to introduce the “Elegant Cabaret with Oscar & Lilette” about 50 minutes.

An elegant entertainment show with amusing moments with the public.

In this performance, the audiences have the opportunity to assist various kind of arts moments like: “Hand Shadow Show”, “Balloons Carnival on stage” and “Magic Show”.

Depending on the context and situation the show is always personalized, designed to interpret to the best requirements of the client and the expectations of the guest.

Magic Close up

Oscar can entertain the guest before or after the show on stage with Magic Close up, you can choose the time you need.

Space for the show:

Measure stage request: 4m.x4m. about. In case of stage with ladder is recommended for comfort and viewers artists which is positioned opposite this stage the central area. In case of a heightness ladder to access near the stage, it is recommended for convenience of the audience and the artist, this must be placed opposite to the center stage.

Disposition of the stage:

In case of a rectangular room, and should place the stage in the long room in half. In addition to better involve the whole audience is advisable not to leave empty spaces in front of the stage, with the audience near the stage at the artists has more direct contact by determining the general involvement of the whole audience.

Lighting:

It requires white spot lighting on stage that can allow a good lighting without blinding the audiences and the artist during the performance, and to consent a good vision to the public.

Amplification:

We will need also an amplification adequate to the lounge (for 100 people we need at least a power of 250Watt) with mixer (with normal jack plugs), speakers, monitor on stage, 2 CD players. For the smooth running of the show and required that there is a responsible for plant for any technical problems to speak of the same facility.

Dressing:

A required area near the place of performance to enable the artists to change and prepare his material.

This space should have a little table and three chairs.

ENPALS:

The artists have ENPALS usability.

Notes:

Assistants Back Stage: 1 or 2 people

Light + Sound Rehearsal: about 30 minutes

Recommendation:

- While on a stage performance in the context of a business dinner, it is advisable to present the show of Oscar & Lilette only when the table service will be terminated.
- In case of the context of performance for “Magic Close Up” and “Balloons Carnival” (table by table) the artists will perform only when the guests have finished their part of meal, (unless explicitly requested).

Accommodation: only for performances outside the own country of the artists.

- Total weights of materials performances: 40/45 Kg approx.
- In case of booking in Hotel for the artists, must be where the show takes place or nearby.
- We required dinner for two persons before the beginning the show.
